

## Call for Abstracts – Clean Technology Research in NL Newleaf 2018

NEIA is calling for presentation abstracts that highlight research being undertaken in Newfoundland and Labrador that may lead to the protection, mitigation of effects to, or enhancement of the environment.

The following themes are examples of areas of research interest for the conference. Abstract submissions outside of these themes are welcome, as long as they are related to clean technology.

- Services in Remote and Northern Environments
- Coastal, Ocean, and Arctic
- Renewable Energy
- Increasing Efficiency or Decreasing Waste, particularly if related to key NL industries:
  - Oil and gas
  - Fishery
  - Forestry
  - Aquaculture
  - Mining
  - Agriculture and food
- Wastewater Management
- Waste Management Innovation
- Climate Change Adaptation, Mitigation, and Risk Management
- Infrastructure, Construction, and Planning

### INSTRUCTIONS FOR SUBMISSIONS

Please include with your submission:

- Title and type of presentation proposed
- 250-word (approx.) summary of presentation proposed
- Presenter's name, affiliation, and brief biographical statement

Please submit by email to Kieran Hanley, NEIA's Executive Director, at [kieran@neia.org](mailto:kieran@neia.org).

### DEADLINE

The deadline for submitting an abstract is August 30, 2018. Abstracts will be reviewed on the basis of relevance to the conference themes and the significance of the content to the Newleaf 2018 audience.
